

MUGS MATTERS

HELLO FOLKS!

Well who would have thought it. It's nearly that time of the year again when we all say goodbye to the old year and in with the new.

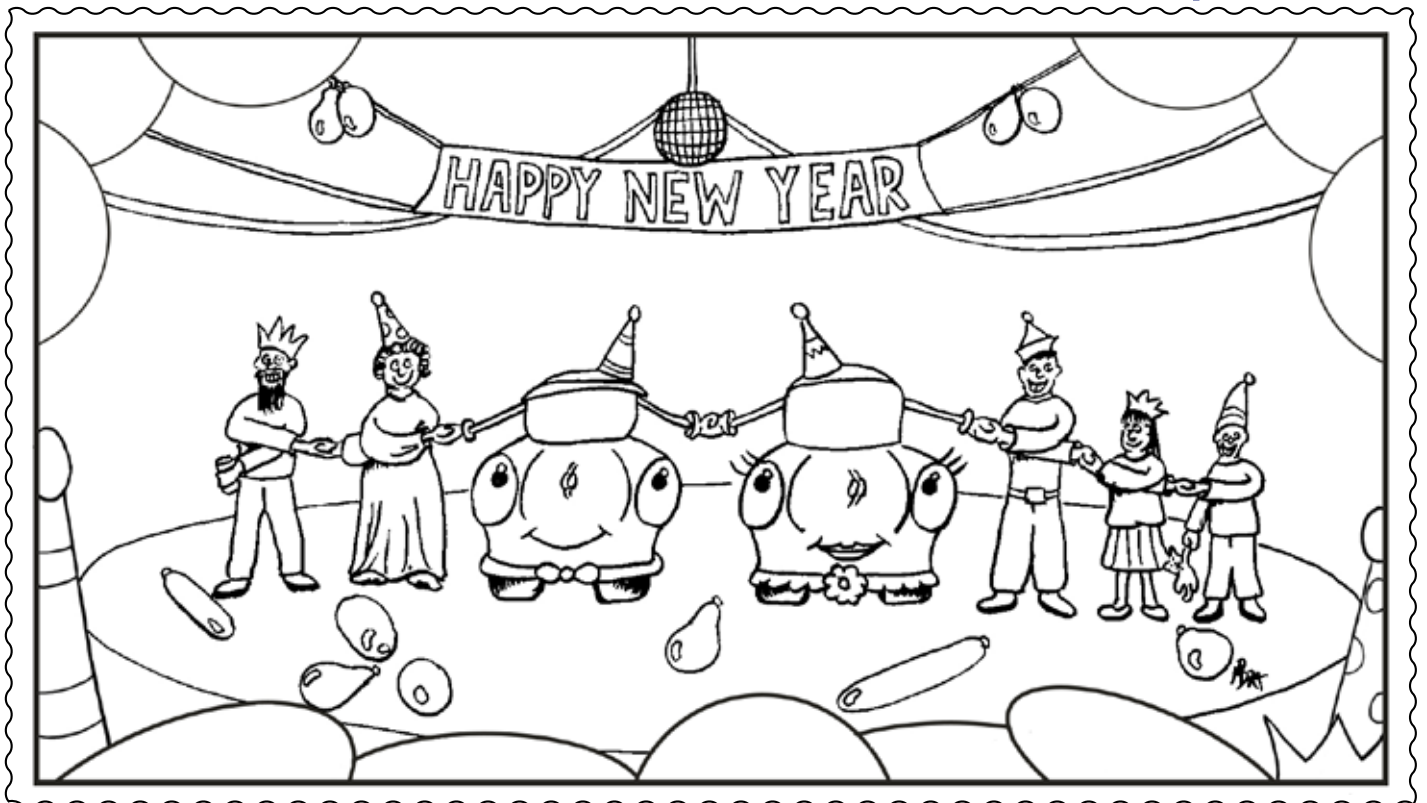

For 2024, **Mug** and I are planning to have some fun, fun, fun and then in **2025**, we are going to have some more fun, fun, fun.

We are busy in the garage at the moment coming up with some **New Year** resolutions that we are determined to stick to this year.

Let's hope 2025 is a great one and it would be lovely to know what you are up to and any New Year resolutions you are planning to make.

It would be great to hear what your plans are, so why not send in some tales of fun to **Rebecca.hay@mmoc.org.uk** and you might even win a wee prize.

MUG

COMPETITION

**COLOUR
me in!**

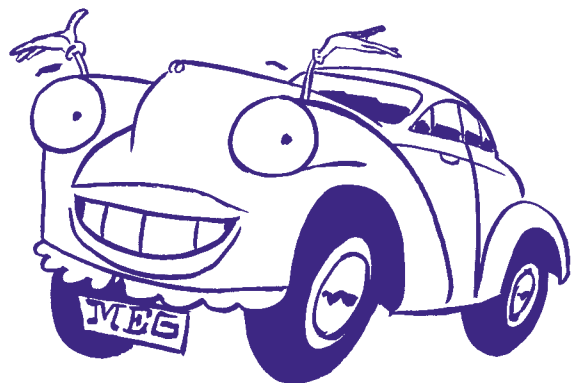

Pop goes the champagne cork and it's time to bring in the New Year in some style!

Meg is looking particularly top notch today as she has gone all glamour in the garage and has put on her best glittery outfit.

We are all set to bring in 2025 with a bang and so invited our pal **Michael Clumsy Pickle** in to join in the fun.

He dug out his best drawing pencils to make Meg and I look even more fabulous than usual for today's competition, all you have to do is add your splash of colour.

It's all just for fun as usual, but, we have lots of space on our garage wall if you fancy sending the finished drawing to us. Send in your efforts via **Rebecca.hay@mmoc.org.uk**

HAPPY NEW YEAR!

And to mark that honour, Meg and I have come up with some fascinating facts about snakes for you to enjoy.

So here you go!

SOME SNAKES ARE VENOMOUS!

Meg and I are sure that you will be cracking open the champagne and having some fun this New Year.

Especially if you are a snake, as the wood slithery slippers are the symbol of the 2025 year of the Chinese zodiac.

And to mark that honour, Meg and I have come up with some fascinating facts about snakes for you to enjoy.

SNAKES SMELL WITH THEIR TONGUES...

SNAKES HEAR USING VIBRATIONS IN THEIR JAW BONES

PIT VIPERS, BOA CONSTRICTORS AND PYTHONS CAN SENSE HEAT...

SNAKES HAVE HUNDREDS OF RIBS!

THEY SHED THEIR SKIN...

THERE ARE OVER 3,000 DIFFERENT SPECIES OF SNAKES

Phew, that was fun, if you have any facts to share, then why not send them over to us, via Rebecca.hay@mmoc.org.uk and before you know it, a wee prize might end up on your doorstep, just hope it's not lots of slithery things!

MUG MIRTH

Ho, ho, ho, it's time for some New Year giggles to keep us all entertained. Meg hasn't stop laughing since I read them out to her. It would be great to hear some of your best smilers, so why not send some in, via Rebecca.hay@mmoc.org.uk and you might win a prize!
