

# MUGS MATTERS

**HELLO  
folks!**

Hello everyone and hope you are all keeping well. **Meg** and I have found the lockdown in our garage during the coronavirus very strange, but we have vowed to make sure we use the time together positively and we hope you have too.

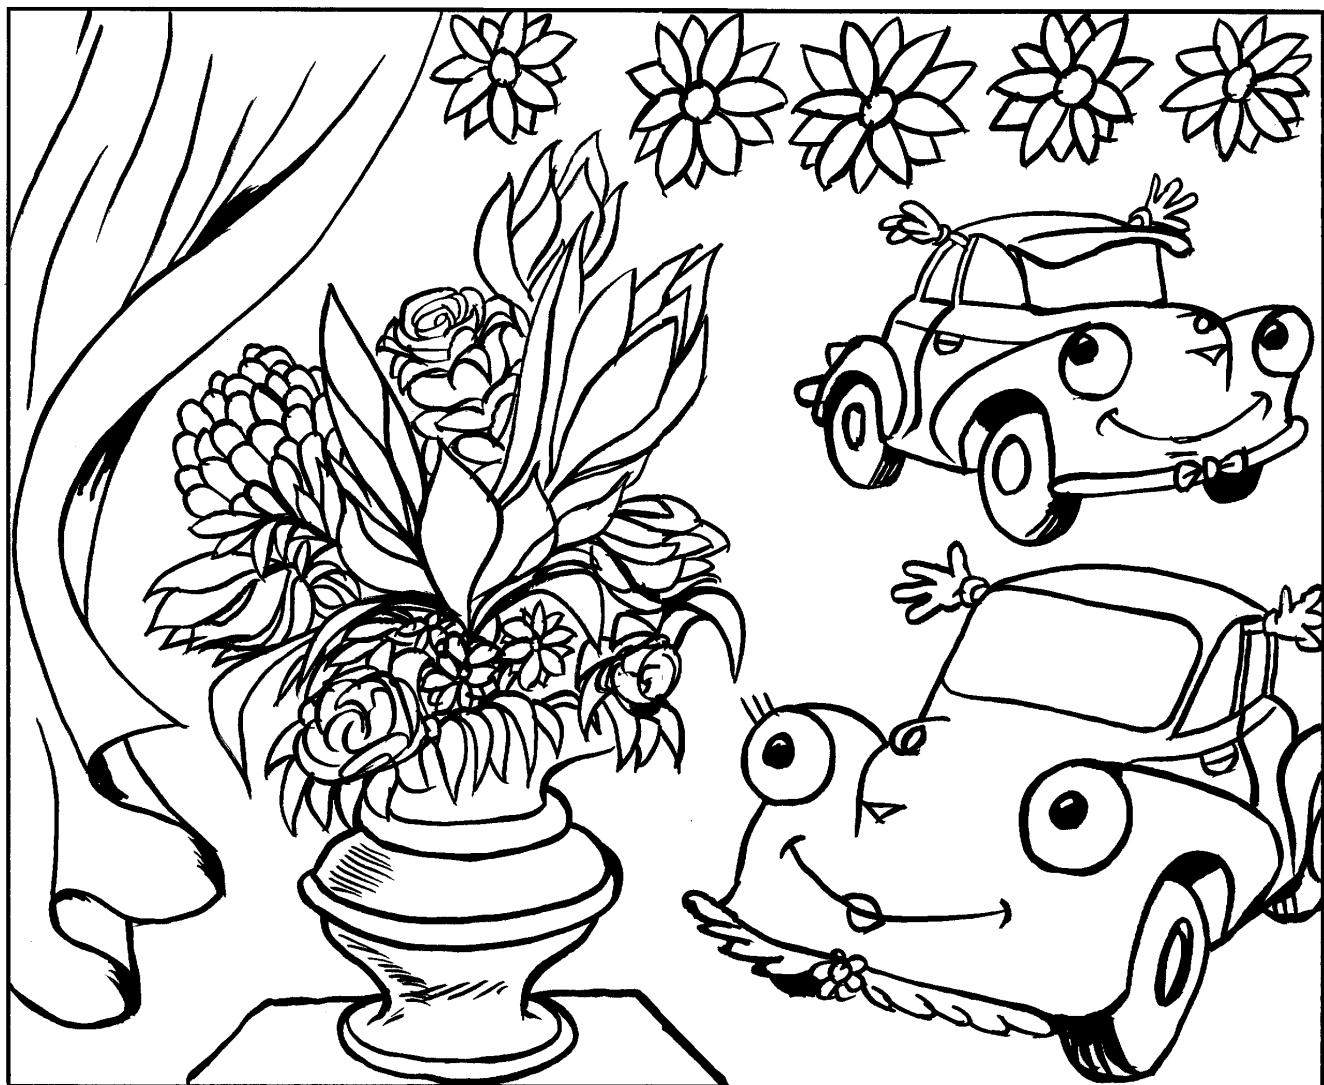

It is amazing how with a little imagination you can make little changes to your life which allows you still to have fun.

Meg and I were worried the lockdown would see our bonnets burst and so we changed our garage into a gym, using old tyres, spanners and tool boxes as weights.

And you should see us now, we are as lean as lean can be. We would be over the moon if you would share your lockdown tips or stories with us.

All you have to do is email them via [Rebecca.hay@mmoc.org.uk](mailto:Rebecca.hay@mmoc.org.uk) and who knows you may win a wee prize.

**MUG**

## COMPETITION CORNER

**Well we may all have been locked in and our lives curtailed for a little while. But nature has had other ideas and has been enjoying the break from humans.**

How do **Meg** and I know, why because the grass verges, gardens, pots and window boxes are bulging with bulbs.

And this year, it could be me, but they seem to be more colourful than ever. Everywhere I look there is a burst of colour and it is really lovely to see.

My old pal **Peter Rigg the Artist** fancies himself as a bit of a **David Hockney**, you know the famous artist from **Bradford**, who creates wonders using his I pad.

And he drew this wonderful cartoon for you today to colour in and add as much sparkle as you can to make it look even more super dooper

So dig out your best pens and get on down to some colouring and then when you have finished, why not send in your colourful entries via [Rebecca.hay@mmoc.org.uk](mailto:Rebecca.hay@mmoc.org.uk)

# COMPETITION CORNER

Spring is upon us and we are all trying to have as much fun as we can. With the good weather upon us, it is time to head for the garden and see what is about.

Meg and I have not only noticed all these wonderful bulbs popping up here and there, but all the insects and bees which are about.

Honey bees are our favourites and we could spend hours just watching the little ones zooming about, nipping into the flower buds and taking the nectar from them.

It is so much fun to see them carrying their little handbag of goodies back into the hive and ready to make some yummy honey for us all to munch later on.

Bees are very gentle creatures if you are nice to them, then they are nice to you and they only usually sting if they feel they are being attacked.

So for today's competition, I have created a wonderful bee puzzles to work out and keep your mind buzzing.

It is all just for fun, so enjoy, but feel free to email us too say how you got on and who knows there may be a prize. Just send in via [Rebecca.hay@mmoc.org.uk](mailto:Rebecca.hay@mmoc.org.uk)

Find the listed words below hidden in the honeycomb.

Trace the letters in any direction up, down, backwards or forwards.

Bees are super-efficient so the words fit perfectly into this honeycomb!

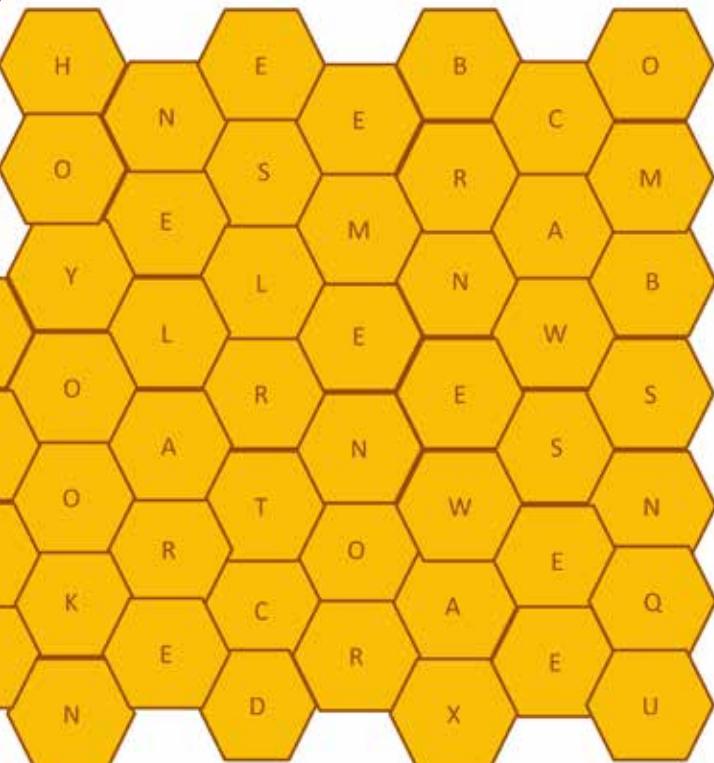

**HONEY

**QUEEN  
WORKERS**

**DRONES  
BEES**

**NECTAR  
POLLEN**

**SWARM  
WAX**

## MUG MIRTH

Meg and I have some **Spring** giggles for you to laugh at. We think they are great, but if you can do better, then why not send in some of your own in, via [Rebecca.hay@mmoc.org.uk](mailto:Rebecca.hay@mmoc.org.uk)
